## Contactor stivuitor Linde 24V (1113)

---

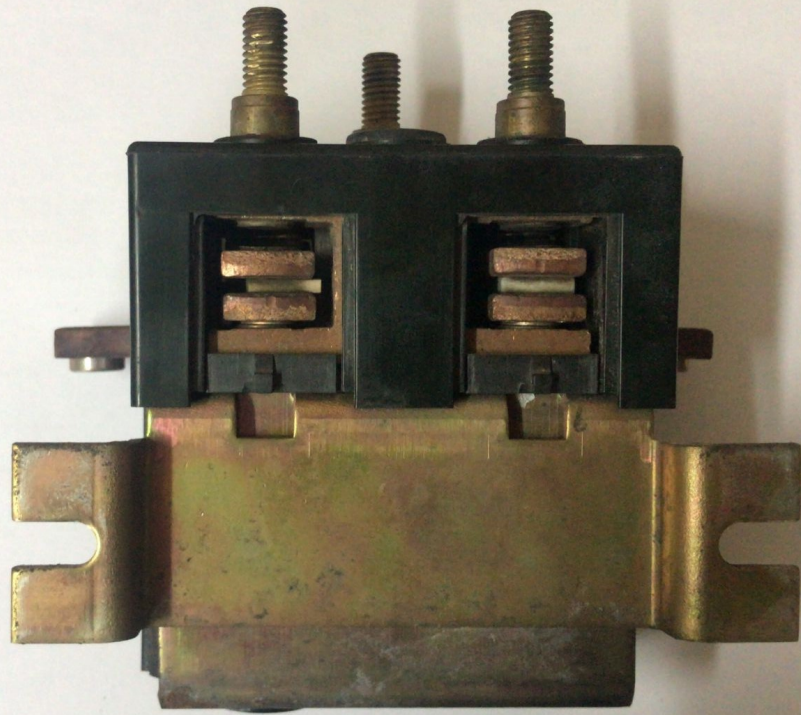

1113

The image shows a black rectangular solenoid valve. On top, there are two brass fittings with threaded stems. The front face has a brass fitting on the left and a large brass terminal on the right. The bottom of the valve is open, revealing internal brass components and electrical contacts. A white label with the number '1113' is affixed to the front.

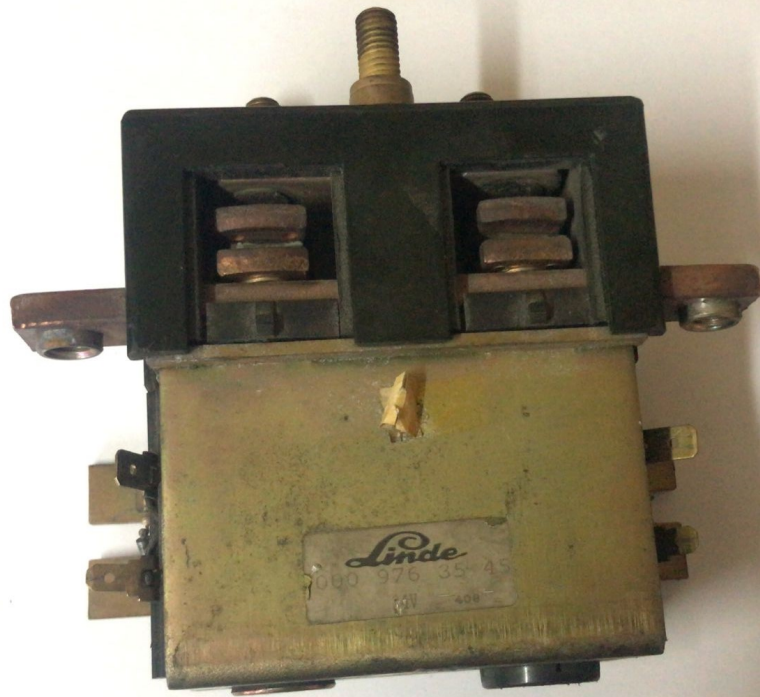

1113

This image shows a black rectangular solenoid valve. The top surface features several brass fittings, including two large threaded ports and several smaller circular openings. A white label with the number '1113' is affixed to the front face. On the left side, there is a brass fitting with a threaded hole. The bottom of the valve is partially open, revealing internal brass components, including a central plunger with a white cross-shaped mark and various electrical contacts. The valve is resting on a white surface.

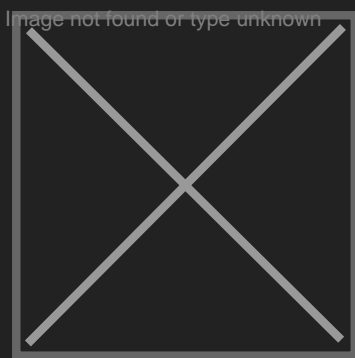

Contacteur stivuitor Linde 24V SN: 0009763545 Cod intern: 1113 Se emite factura Pret: 150€ fara TVA
